## Viaduct Rail Park Construction Tour

Wednesday, October 25, 2017  
3:30 PM

Photo: Google Earth

*Join the YMF as we tour the Viaduct Rail Park, the new one-of-a-kind park in Philadelphia. The construction is part of a multi-phase project that is converting 3 miles of unused rail lines into a state-of-the-art recreational facility just north of Center City Philadelphia. The project's vision is for a greenway that will serve pedestrians, bicyclists, neighbors, and visitors alike. Visit <https://therailpark.org/> for more information about the park.*

**When:** Wednesday, October 25, 2017  
**Where:** Field Office at 12th and Callowhill  
**Time:** 3:30-5:30 PM
