

The #ASCEMadeMe College Challenge
The Greater Philadelphia Region

Mission

To engage students at local universities and colleges in the Philadelphia Region in the good work being done by civil engineers as well as the benefits and resources ASCE has to offer to student and young professional members.

How It Works

ASCE Student Chapters in the Greater Philadelphia Region will perform tasks outlined in the rubric below to earn points during the timeline of this challenge. Chapters will accumulate points based on the rubric below, and the highest accumulated total at the conclusion of this challenge will be declared the winner. The points associated with items in the rubric will be weighted based on disadvantageous and advantageous factors for each ASCE Student Chapter, which will be determined by the ASCE Philadelphia YMF upon receipt of all applications. YMF College Contact Co-Chairs and/or #ASCEMadeMe College Challenge Committee will grade the submissions of the ASCE Student Chapters.

Conditions

To enter, the following requirements must be met:

- The university/college must have an active ASCE Student Chapter with an executive board and faculty advisor.
- The school must be recognized as a college/university in the Greater Philadelphia Region by the ASCE Philadelphia Section and/or YMF.

Registration

To enter the competition, the Student Chapter must submit a letter of interest (via email) stating they meet the above conditions. The letter must include a point of contact (name and email) for the Student Chapter. Upon receipt and acceptance of the application materials, the Student Chapter will receive a confirmation email with all necessary forms and documentation for the competition.

Submission of Completed Tasks

When a task has been completed, the Student Chapter must email Cory Bogas (cbogas@hntb.com) and Paige Glassman (pglassman@trafficpd.com) with a description of the event, date, and any social media posts about it. Tasks must be submitted before the 15th of the following month (ie. A task completed in October must be submitted before November 15th).

End of the Competition

The winner of the College Competition will be announced at the students' welcome back event held in the fall, where young professionals and students from each school will be in attendance. The winning College/University will receive a certificate commemorating their achievements, along with bragging rights for the next year.

Tasks

Note: An additional 5 points may be rewarded for social media posts about a completed task while using the hashtags #ASCEMadeMe and #ASCEPhillyYMFCollegeChallenge. All posts must be made within 5 days in which the task occurred

Task #	Task	Description	Points Earned	Maximum Points
01	YMF Event	Attend any in person or online event hosted by ASCE Philadelphia YMF.	20 Points/Event	200 Points
02	YMF College Visit	Host ASCE Philadelphia YMF virtually or in person once per semester Reach out to the College Contact Co-Chairs to schedule your visit.	100 Points / Event	200 Points
03	YMF Mock Interview	Participate in the YMF Mock Interview program. Visit http://www.ymfphilly.org/mock-interview.html for more information.	50 Points/Student/Event	300 Points
04	YMF Mentorship Program	Participate in the ASCE Philadelphia YMF's Mentorship Program. Participating students are to be enrolled and actively in communication with their mentor. More details coming.	25 Points/Student	200 Points
05	K-12	Volunteer (at least one student) for a K12 outreach event. Visit http://www.ymfphilly.org/k12.html for more information.	100 Points / Event	200 Points
06	Other YMF Sponsored Community Service Events	Volunteer for a highway cleanup or community service event (doesn't include K-12 or CivE Club).	50 Points / Event	200 Points
07	Region 2 Assembly	Send at least one person to the ASCE Region 2 Assembly.	100 Points	100 Points
08	ASCE Workshop for Student Chapter Leaders (ERYMC/WSCL)	Send a representative to the ASCE WSCL (ERYMC).	200 Points	200 Points
09	ASCE Mid-Atlantic Regional (MAR) Conference	Participate in at least one of the competition (e.g., Concrete Canoe, GeoWall, Sustainable Solutions) at the Mid Atlantic Regional Conference.	100 Points	100 Points
10	Other Community Service	Volunteer for an event that provides education of engineering or STEM to the community.	50 Points / Event	200 Points
11	Student Chapter Event	Have a general body meeting and/or event	10 Points / Event	200 Points
12	University Cup	Engineering-Style Field Day.	To Be Decided	
13	ASCE Landmark Scavenger Hunt	Visit and photograph ASCE Historical Civil Engineering Landmarks around Philadelphia and across the United States.	10 Points / Landmark	100 Points
